REMARKS

Sir:

The enclosed Declaration and Power of Attorney for Patent Application contains an error. Specifically, the serial number of a U.S. provisional application from which the present application claims priority is listed in the Section provided for listing prior Foreign Applications, the benefit of which are claimed under 35 U.S.C. 119(a)-(d) rather than in the section for claiming benefit of provisional applications under 35 U.S.C. 119(e). Since it is our policy not to alter a Declaration after it has been signed, the error has not been corrected.

Since the application is completely and unambiguously described by title, inventor and lists priority documents, the declaration is believed proper and sufficient, even though the serial number of the U.S. provisional application has been listed in the wrong place. Should the Office believe that anything further is required in order to perfect the above-designated application, please call applicant's undersigned representative at the number below.

Respectfully submitted,
